SKILLS

FRONT - END.

- Next Js.
- React Js.
- Typescript.
- Javascript.
- Css 3.
- Html 5.

BACK - END.

- Node Js.
- Express Js.
- MySql.
- Mongo DB.

In the digital landscape, I've honed my expertise to deliver intuitive user interfaces and efficient back-end structures. Harnessing the power of Next.js and React, I build responsive and immersive web experiences. My work thrives on the foundation of TypeScript, ensuring code maintainability. Back-end challenges are met with proficiency in Node.js and Express.js, coupled with diverse database platforms, optimizing performance and scalability.
